Reg Charity No 532259

APPLICATION FOR MEMBERSHIP

The Northern Mill Engine Society operates on an entirely volunteer basis to develop and operate a museum of stationary steam engines in Bolton. We are always pleased to hear of new members who share our enthusiasm for preserving something of our industrial heritage, especially in the field of textile history. If you feel that you would like to go further and work at the museum, please note that it is not important to have an engineering background.

ABOUT GIFT AID

Since the Society is a registered charity we can claim back tax from HMRC (currently 25p for every £1) on any donations or other payments that you make through the Gift Aid scheme. This is of great benefit to the Society and we would ask you to consider this carefully since it costs you nothing.

Should your tax circumstances change, you can cancel the arrangement at any time by contacting the Society.
